

CRB Global

Creativity | Reliability & Beyond

CRB Global compliments the Oil & Gas upstream and downstream business by providing comprehensive range of service to the oil & gas sector such as manpower services, procurement, project management, and etc.

CRB GLOBAL

CRB Global was established in 2008 to provide a wide range of services to the oil and gas sector. We have been providing manpower services, procurement and logistic, engineering support, marine services, project management and costing for Upstream and Downstream sectors. We have steadily evolved into a global, growth oriented service provider known for our advanced quality performance and dedication for exceptional services.

We are committed to protecting the health and safety of our employees, clients, and other stakeholders and preserving the environment in which we live and work.

/ VISION AND CORE VALUES

- To be a first-class maritime, and manpower (onshore & offshore) service provider and supplier worldwide.
- To be one-stop marine & offshore services to our customers.
- Sharing the achievements with our clients and staffs.

/ MISSION

To be a reliable service provider with competitive and professional services to our customers.

We provide professional services to our clients, with reliable and prompt feedback, suggestions and also solutions and we strive to be the leader in innovative and cost effective solutions.

Safety is our concern. Therefore we strive to maintain spotless safety records, use resources efficiently and employ proactive occupational safety and health programmes within our organization and everyday business operations.

CRB PROJECT MANAGEMENT

We provide professional project management services to our clients worldwide. We deliver value for money by providing the highest standards of project management, utilising our experienced project managers to realise business benefits and deliver projects to time, cost and quality.

We pride ourselves on providing a tailored project management service that assists our clients in establishing their options, defining their project needs and managing project delivery – we become your trusted advisor.

We provide high calibre project teams for projects of all sizes and complexities. This ranges from the provision of integrated multi-skilled teams to the appointment of single project managers.

Our award-winning project teams plan and control every aspect of the project life-cycle from concept to definition, implementation and handover. Our project management service includes the definition, leadership, planning, stakeholder management, control and successful delivery of projects on your behalf.

We ensure that our clients' corporate goals and business benefits are realised through a controlled, well-managed, visible set of activities to achieve the desired results.
